SUMMARY

User is able to perform following updates at administrative tab:

1. Manage Types of Overtime
2. Manage OT Policy Group
3. Manage Employee's Overtime Group

Under the toolbar Menu, look for **Administrative** Tab

TYPES OF OVERTIME

Under this section, user can manage types of overtime by setting rules (e.g. minimum OT hours, rates etc).

2.1 Add New Type of Overtime

Follow the steps below to add new Type of Overtime:

1. Go to **Administrative > Policy**, select **Types of Overtime**

2. Click **New** to add new types of overtime.

3. Click **Save** once complete.

[Note: refer to [overtime policy control](#) for more explanation]

2.2 Edit Type of Overtime

There are 3 sections under Type of Overtime:

1. Policy Settings
2. Auto-Propose Settings
3. Additional Settings

2.2.1 Policy Settings

Refer to the section below for more information on policy settings:

The screenshot shows the 'Policy' tab of the 'Edit Type of Overtime' form. The fields and their values are as follows:

Field	Value
Name of Types of Overtime *	Test Policy
Based On	Daily
Minimum Hour(s)	0 Minute(s) (0.00 Hour(s))
Overtime Limit (Hour)	0 Minute(s) (0.00 Hour(s))
Alert Hour(s)	0 Minute(s) (0.00 Hour(s))
Exception Request ?	Not Applicable
Rounding Rules	Exact Time / No Rounding
Approval Required	Yes
Require Signature Upon Approval	Require Signature Every Time
Require Signature Upon Submission	No
Cross-Check Attendance	Not Required

Figure 2.1

Refer to Figure 2.1

- a) **Policy Name** – Naming of the type of the overtime. Maximum of 50 characters, must be a unique name. E.g. Overtime OFF DAY.
- b) **Based On** – Type of control/rules for the type of Overtime set.

Based On Option	Description
Daily	Main control of the daily rules of overtime. Compulsory field.
Weekly	Optional, can be set to Weekly. E.g. Weekly Maximum hours Cut off day: e.g. Sunday -> Monday to Sunday <div>Based On : Weekly Cut Off Day : Sunday</div>
Monthly	Optional, can be set to Monthly. E.g. Monthly Maximum hours Cut off day: e.g. 31 -> 1 st of day to last month of day <div>Based On : Monthly Cut Off Day : 31</div>

- (a) **Minimum Hour(s)** – Minimum number of overtime hours worked that must be met for compensation.
- (b) **Overtime Limit Hour(s)** – Maximum number of OT hours allows that can be claimed.
- (c) **Alert Hour(s)** – An alert message for admin when about to reach overtime limit.
- (d) **Exception Request**– To allow exceptions for User Role to override the original settings of Maximum Hour

Exception Mode	:	Not Applicable
	:	Not Applicable
	:	Admin
	:	Supervisor
	:	Admin & Supervisor

- (e) **Rounding Rules** – Practice of adjusting overtime hours worked, either round up or down, to the nearest amount.

Rounding Rules	:	Exact Time / No Rounding
	:	Exact Time / No Rounding
	:	Round time to nearest hour
	:	Round time to nearest 30 minutes
	:	Round time to nearest 15 minutes

- i. **Rounding Minutes** – Grace period for rounding up/down of overtime hours, only applicable if Rounding Method is applied.

Rounding Rules	:	Round time to nearest hour
Rounding Minutes	:	1 Minute(s)
	:	1 Minute(s)
	:	2 Minute(s)
	:	3 Minute(s)
	:	4 Minute(s)
	:	5 Minute(s)

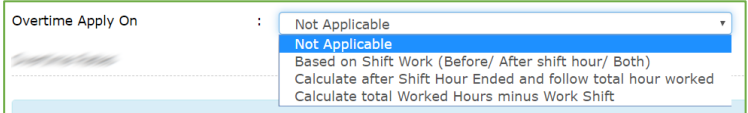

- (f) **Approval Required** – The process for overtime approval
 - i. **Require Signature Upon Approval** – Turn on E-signature feature for approval. Refer to E-Signature user guide for further explanation

Require Signature Upon Approval	:	No
Require Signature Upon Submission	:	No
	:	Allow Use of Previous Signature
	:	Require Signature Every Time

- (g) **Cross-Check Attendance** – Optional, determine whether cross check with valid attendance record (check in, check out) is required.
- (h) **Applicable on which day?** – Optional, the overtime rules set is applicable to which day type, whether is Working Day, Off Day, Public Holiday or Rest Day. *(Only shown as below if based on weekly/monthly control)*

Example:

Applicable on	:	<input checked="" type="checkbox"/> Working Day <input type="checkbox"/> (Include Shift)
	:	<input type="checkbox"/> Off Day
	:	<input type="checkbox"/> Public Holiday
	:	<input type="checkbox"/> Rest Day

Applicable On	Description
1. Working Day	<p>a) User can choose to include shift hours or not. If user tick v to include Shift, the system will auto calculate number of OT hours based on the limits set.</p> <p>b) The fields of Applied to work day only will be shown if working day is selected (refer to below explanation).</p> 

Applied to Work day only

Overtime Apply On : Based on Shift Work (Before/ After shift hour/ Both) ▼

Method : Before & After Shift hours ▼

Pre/Post OT Break (Minutes) : 0 Minute(s) (0.00 Hour(s))

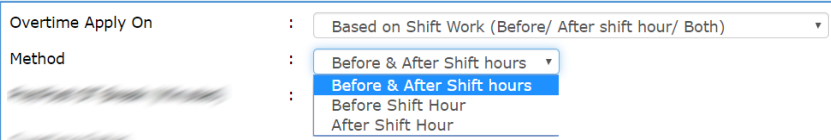

Figure 2.2

Refer to Figure 2.2

(i) **Applied to work day Only**

How to control overtime hours on Working Day option?

- i. **Overtime Apply On** – Specify the start time to be counted as overtime.
 - **Not Applicable** – Do not have any restrictions.
 - **Based on shift work (Before/After shift hour/Both)** – Restrictions of claiming OT hours within work hours/shift work schedules.
 - **Calculate after Shift Hour Ended and follow total hours worked** – *(Applied to OT Auto Suggest method & Attendance Cross Check must be applied)*, any time worked after shift schedule is counted as overtime. Lateness will affect the overtime calculation based on the setting.
 - **Calculate total Worked hours minus Work Shift** – *(Applied to OT Auto Suggest method & Attendance Cross Check must be applied)*, number of overtime worked must excess of the work hours based on shift schedule.
- ii. **Method** – Setting to determine OT hours calculation before/after shift schedule or both.

Overtime Apply On : Based on Shift Work (Before/ After shift hour/ Both) ▼

Method : Before & After Shift hours ▼

Before & After Shift hours

Before Shift Hour

After Shift Hour

- iii. **Pre/Post OT Break (Minutes)** – Enforce break period to overtime, is either prior to their beginning of their shift or at the end of their shift.

Day Type	Icon	Currency	Yes	No
Working Day		\$	Yes	No
Off Day		\$	Yes	No
Public Holiday		\$	Yes	No
Rest Day		\$	Yes	No

Figure 2.3

Refer to Figure 2.3

- (j) **Overtime Rates** – Calculate overtime pay for hours worked for each day type. Turn on the slider of desired day type to apply overtime rates to the policy. *(Only available if policy is based on daily control)*

How to set Overtime Rates for day type?

☐ Exclude break time set in shift hour setup Go to Shift Hours Setup

☐ (Include Shift)

☒ Cash Out

☒ Accumulative

Range From (Hour(s))	Range To (Hour(s))	Pay (Hour(s))	Rates	Exclude Break
0	1.00	Not Applicable	1.0x	0 Minute(s)
1	4.00	Pay Exact Hour	1.5x Working Day	0 Minute(s)
4.00	Onward	4 Hour(s)	1.5x Working Day	0 Minute(s)

☐ Leave

☐ Accumulative

Range From (Hour(s))	Range To (Hour(s))	Pay (Hour(s))	Rates	Exclude Break
0	Onward	Pay Exact Hour	1.0x	0 Minute(s)

Figure 2.4

Refer to Figure 2.4

- i. **Exclude break time set in shift hour setup** – Exclude break time set in shift hour setup from overtime rate settings
- ii. **Include Shift** – Include shift into overtime limit set as per item (d)
- iii. **Compensatory Method** – Tick the checkbox to select desired compensatory method(s) to be used. Drag the selected compensatory method header to determine the order. First compensatory method based on order will be used for Over Time Suggest (OTS)
(Note: if there are any additional methods of compensation adopted other than the options exist in system, kindly send email to Mywave Support team for further information).
- iv. **Accumulative** – Determine whether overtime compensation be should calculated accumulatively. *(Eg. If checked, total hours worked daily will be accumulated before calculation, any future submission for same day will be*

added and recalculated. If not checked, submitted hours will be calculated based on set range).

- v. **Range From / To** – Setting of overtime hours worked between sections
- vi. **Pay (hours)** – Actual number of overtime hours allowed to be claimed.
 - **Pay Exact Hour** –Actual hours worked by multiply the hourly rate of pay.
 - **(x) hours** – Used to determine total hours worked falls on different pay rate.
 - **Not Applicable** – Not able to claim compensation if overtime hours worked falls between this range.
- vii. **Rates** – A rate of pay based on number of hours worked.
(if any special request different from the stated OT Rates below, please email support for further information)

The image shows a dropdown menu titled 'Rates'. The menu is open, displaying a list of options. The first two options are '1.0x', with the second one highlighted in blue. Below them are '1.5x', '2.0x', '3.0x', 'Flat OT', and 'Limit Max Hour'.

Exclude Break – Time excluded from overtime range for break.

2.2.2 Auto Propose Settings

Refer to the section below for more information on auto-propose settings:

The image shows a web interface for 'Auto-Propose' settings. At the top, there's a header bar with 'Off Day', 'Daily', '0', and 'WD'. Below this are three tabs: 'Policy', 'Auto-Propose', and 'Additional'. The 'Auto-Propose' tab is selected. Under this tab, there are four settings:

- 'Follow Submission Policy' with a dropdown set to 'No'.
- 'Approval Required' with a dropdown set to 'Yes'.
- 'Applied to Work day only' with a dashed line below it.
- 'Overtime Apply On' with a dropdown set to 'Not Applicable'.

Figure 2.5

Refer to Figure 2.5

- (a) **Follow Submission Policy** – Determine whether auto propose function should be following policy set in previous section. *(If no, continue below)*
- (b) **Approval Required** – The process for auto propose approval
- (c) **Overtime Apply On** - Specify the start time to be counted as auto propose. *(Refer to previous section item(j) for more information).*

2.2.3 Additional Settings

Refer to the section below for more information on additional settings:

Policy Auto-Propose Additional History Save

Overtime Callback

Callback added to Overtime Limit : Yes No

Working Day

☒ Leave
☐ Accumulative

Range From (Hour(s))	Range To (Hour(s))	Pay (Hour(s))	Rates	Exclude Break
0	Onward	Pay Exact Hour	2.0x Rest Day	0 Minute(s)

☒ Cash Out
☐ Accumulative

Figure 2.6

Refer to Figure 2.6

Overtime Callback is used when employee is requested to return to work beyond regularly scheduled hours.

- Callback Added to Overtime Limit** – Optional, to determine whether total callback hours be accumulated to Maximum Hour(s) control.
- Define Day Type** - Turn on the slider of desired day type to apply overtime rates to the policy.
- Compensatory Method** – Tick the checkbox to select desired compensatory method(s) to be used. Drag the selected compensatory method header to determine the order. First compensatory method based on order will be used for Over Time Suggest (OTS)(*Note: if there are any additional methods of compensation adopted other than the options exist in system, kindly send email to Mywave Support team for further information*).
- Accumulative** – Determine whether overtime compensation be should calculated accumulatively. (*Eg. If checked, total hours worked daily will be accumulated before calculation, any future submission for same day will be added and recalculated. If not checked, submitted hours will be calculated based on set range*).
- Range From / To** – Setting of overtime hours worked between sections
- Pay (hours)** – Actual number of overtime hours allowed to be claimed.
 - Pay Exact Hour** –Actual hours worked by multiply the hourly rate of pay.
 - (x) hours** – Used to determine total hours worked falls on different pay rate.
 - Not Applicable** – Not able to claim compensation if overtime hours worked falls between this range
- Rates** – A rate of pay based on number of hours worked.
(*if any special request different from the stated OT Rates below, please email support for further information*)

Rates

- 1.0x
- 1.0x
- 1.5x
- 2.0x
- 3.0x
- Flat OT
- Limit Max Hour

h) **Exclude Break** – Time excluded from overtime range for break.

Overtime Baked In

Minimum Hour(s)	:	<input type="text" value="0"/>	Minute(s) (0.00 Hour(s))
Baked-In added to Overtime Limit	:	<input checked="" type="button" value="Yes"/> <input type="button" value="No"/>	
Rounding Rules	:	<input type="text" value="Exact Time / No Rounding"/>	▼
Compensatory Method	:	<input type="text" value="Cash Out"/>	▼
Approval Required	:	<input type="text" value="Yes"/>	▼
Rates	:	<input type="text" value="1.0x"/>	▼
Late In Early Out Deduct OT Hour	:	<input type="button" value="Yes"/> <input checked="" type="button" value="No"/>	

Figure 2.7

Refer to Figure 2.7

Overtime Bake In - Adjustment to extend the work hours (mandatory setting in **Shift Hours Setup**, turn **ON** Shift Compulsory OT, select the baked-in hours is before/after shift). Admin may also consider of turning **ON** “Auto-Propose Baked-In” setting or manually tracking via cross-check attendance records.

- Minimum Hour(s)** – Minimum amount of bake in overtime worked to be eligible for compensation.
- Baked-In added to Overtime Limit** – Optional, to determine whether total baked-in hours be accumulated to Maximum Hour(s) control.
- Rounding Rules** – Practice of adjusting baked in worked, either up or down, to the nearest of hour/minute.
- Approval Required** – Determine if submission for OT Baked In required approval.
- Rates** – A rate of pay based on number of hours worked.
(if any special request different from the stated OT Rates below, please email support for further information)

- f. **Late In Early Out Deduct OT Hour** – If turned on, late in/early out will be deducted from bake in overtime hours.

2.3 Delete Type of Overtime

Follow the steps below to delete types of overtime:

[Note: Overtime cycle unable to be changed / deleted if there are active records using current overtime rules]

1. Go to **Administrative > Policy**, click on **Types of Overtime**

2. Select the type of overtime to be deleted.

Administrative » Types of Overtime			
Back		+ New Export	
Types of Overtime	Based On	Overtime Limit (Hour)	Applicable on
Off Day	Daily	0	WD,PH
OT New	Daily	0	OD

3. Click on the Delete button to delete

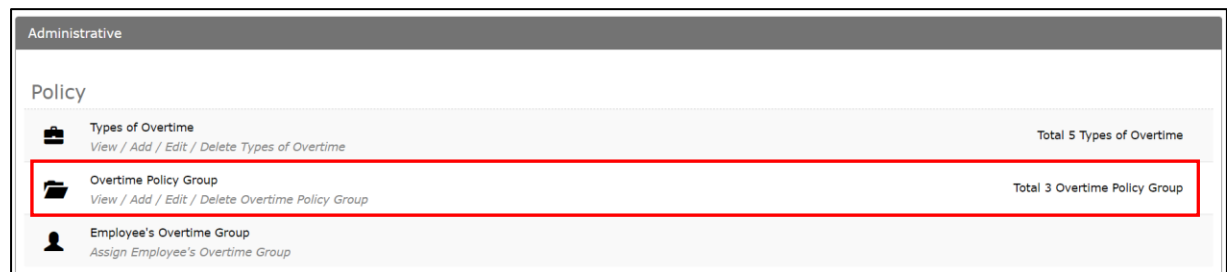

OVERTIME POLICY GROUP

Under this section, user can manage overtime policy group

3.1 Add New Overtime Policy Group

Follow the steps below to add new overtime policy group:

1. Go to **Administrative > Policy**, click on **Overtime Policy Group**

2. Click **New** to add new OT Policy Group.

3. A new screen will appear as shown below, fill up the details on the 3 tabs. Click **Next** to continue.

The screenshot shows the 'Administrative > Overtime Policy Group' page with the '1. General' tab selected. The form contains the following fields:

- Group Name:
- Display Name:
- Description:
- Overtime Callback: ☐ ☒

At the bottom right, there are 'Previous' and 'Next' buttons.

1st tab: General

Group Name *	:	<input type="text" value="Eg. Executive / Non-Executive/ Direct Labour/ Manager"/>
Display Name *	:	<input type="text" value="Eg. Executive / Non-Executive/ Direct Labour/ Manager"/>
Description	:	<input type="text"/>
Overtime Callback	:	<input type="button" value="Yes"/> <input type="button" value="No"/>

- Group Name** – Name of OT Policy Group, must be unique
- Display Name** – Name of Overtime Group displayed on screen.
- Description** – Description/explanation of the overtime group
- Overtime Callback** – to determine whether this overtime policy is eligible for callback (set pay rate in callback settings).

2nd tab: Overtime Policy

1. General	2. Types of Overtime	3. Overtime Policy Group
Effective From : <input type="text" value="2019-05-01"/>		
Types of Overtime	Based On	Applicable on

(step 2)

- Select date to assign employee: based on Hire date or insert effective date.
- Assign employee to Overtime Group
- Click **Save** upon completion.

A screenshot of a form interface. At the bottom right, there are two buttons: a light blue button labeled « Previous and a green button labeled Save with a floppy disk icon.

3.2 Edit Overtime Policy Group

- Go to **Administrative > Policy**, click on **OT Policy Group**

A screenshot of the 'Administrative > Policy' page. Under the 'Policy' section, there are three items: 'Types of Overtime' (Total 5 Types of Overtime), 'Overtime Policy Group' (Total 3 Overtime Policy Group), and 'Employee's Overtime Group' (Assign Employee's Overtime Group). The 'Overtime Policy Group' item is highlighted with a red rectangle.

- Select the **OT Policy Group**, click  to amend the details.

A screenshot of the 'Administrative > Overtime Policy Group' page. It shows a table with the following data:

Overtime Policy Group	Types of Overtime	Employee	
new OT Group new OT Group	1	51	
Office Office	1	137	
Operation Operation	1	285	

The 'Office' row is highlighted in green, and its edit icon is circled in red.

- Click **Save** once changes has been made or click **Cancel** button to discard changes.

A screenshot of the 'Administrative > Overtime Policy Group' page, showing the 'new OT Group' form. The form includes fields for 'Overtime Type', 'Display Name', 'Description', and 'Overtime Callback'. There are also sections for 'Current Effective Types of Overtime' and 'New Effective Types of Overtime'. Annotations include:

- 'Indicate changes not saved' pointing to a red dot icon.
- 'Mouse over the icon to view original setting before change' pointing to a blue icon.

Figure 3.1

Refer to figure 4.1

- Under **OT Policy Group Info** user can edit group name, display name, description and optional setting for callback
- Under **Current Effective Overtime Policy** user can edit currently active policy.

Types of Overtime	Based On	Applicable on	Yes	No
Off Day	Daily	OD	Yes	No
OT NEW	Daily	WD (Include Shift) OD PH RD	Yes	No
Public Holidays	Daily	PH	Yes	No

Step 1: Enter Effective date to activate the grouping.

Step 2: Select **Yes/No** to add/exclude the type of policy to the OT Policy Group

Step 3: Click to Expand the policy and view the policy details.

- Under **New Effective Overtime Policy** user can edit upcoming new policy that will be practiced in given date.

EMPLOYEE PROFILE

5.1 Assign OT Policy Group for New Hire

In the Payment Info tab of Employee Profile, a field called **OT Type** is added for admin to assign overtime policy for their employees. Select the OT Type and click **Save** to activate the overtime assignment.

The screenshot shows the 'Payment Info' tab of the Employee Profile form. The 'OT Type' dropdown menu is open, displaying three options: 'new OT Group', 'Office', and 'Operation'. The 'new OT Group' option is highlighted. Other fields visible include Currency (Malaysian Ringgit (MYR)), New Basic Salary, New Salary Effective Date, Number of Working Days per Month, Average Work Days per Month, Average Working Hours, Average Work Days per Week, Payment Frequency, Salary Calculation Method, Pay Group, Payee Bank, Payment Method, Salary On-Hold, Pay Policy ID, Bank Account, Leave Group, and Asset Group.

5.2 View/Update Employee Overtime Group

In the Payment Info tab of Employee Profile, under **OT Type** field, the current activated OT Policy that employee is entitled to will be displayed.

The screenshot shows the 'Payment Info' tab of the Employee Profile form. The 'OT Group' field is highlighted with a red box, displaying a dropdown menu with three options: 'new OT Group', 'Office', and 'Operation'. The 'new OT Group' option is selected. Other fields visible include Currency (Malaysian Ringgit (MYR)), Basic Salary, New Basic Salary, New Salary Effective Date, Number of Working Days per Month, Average Work Days per Month, Average Working Hours, Average Work Days per Week, Payment Frequency, Salary Calculation Method, Pay Group, Payee Bank, Payment Method, Salary On-Hold Date of Issue, Pay Policy ID, Bank Account, Leave Group, Asset Group, and Claim Group. There are also links for 'View Salary History', 'View More', and 'View More'.

Click [View More](#) to show all historical details OT group assignment.

User may update employee's overtime group by inserting the new group with effective date.
