# E-Time Card

## Timecard Preference Display Setting <sup>New</sup>

A new feature, Timecard Preference Display Setting, has been added to E-Time Card module. This feature allows users greater control over their timecard viewing experience. When the Timecard Preference Display Setting is turned on, the platform will load only one employee per page, providing a focused and detailed view of timecard records. This provides improved efficiency and a more streamlined focus for users.

### Before:

Timecard record **without** preference display setting

Filter									
No.	Employee	Date	Error	Day Type	Shift	Break Start Time	Break End Time	Shift Break Hour	
EMP002	Jeffrey	2024-01-01, Mon	Absent	WD	MB12 07-19	11:00	12:00	01:00	

### After:

Timecard record **with** preference display setting

Filter

Preference

Display Setting

Show Employee Per Page : ☐
